

Tuesday Fire Destroys M-72 E Home

Fire officials are investigating to determine the exact cause of a fire last Tuesday night that destroyed a home owned by Richard Adams on M-72 east near Stephan Bridge Road.

Five fire units and a tanker from the DNR were called to battle the blaze which was reported shortly after 8:00 p.m.

Firefighters remained at the scene about 3½ hours. Tentative cause of the fire was believed to be electrical.

Deputies are investigating a total of 15 breaking and enterings reported last week, five of which occurred in the Shaw Park Road area. Thirty-seven breaking & enterings were logged in May according to the sheriff's month-end report.

Two units at Fay's Motel, old-27 north, were entered late on June 4th, and although deputies are continuing their investigation into the incident, nothing was reported stolen.

A public telephone valued at \$300 was stolen from the rest area on the expressway near Frederic on June 1 about 1:00 a.m. The phone was recently installed for public use in reporting emergencies, according to a sheriff's report.

In other larcenies last week, two involved the theft of gas tanks from boats docked at Lake Margrethe, and a third involved larceny by conversion.

Three reports of malicious destruction were logged during the period. One report of tampering with cable TV equipment was reported, a home was ransacked and tampering to a motor vehicle was reported.

Deputies responded to over 70 complaints, one of which was a report of a criminal sexual assault, although police were releasing no details surrounding the incident.

Marine Division personnel responded to several complaints, including a disturbance and reports of littering by canoeists. Marine deputies were called to the scene of two water-related mishaps, one involving a youth who was injured when he struck his head on the side of a pool while swimming at Pine Knoll Camp-ground off M-93. The youth was transported by county ambulance to Mercy Hospital for treatment.

In other police activity, seven property damage accidents were investigated, three of which were car/deer mishaps. Fires included two forest blazes, a chimney fire and the house burnout reported earlier. Five arrests were made for drunk driving, and a violation of the public health code (drugs) was reported.

Deputies were also called to the county courtroom where a subject was arrested and later charged with drunk and disorderly conduct.

The Animal Control Division reported a busy period, complaints of stray dogs roaming were numerous and several canine were reported chasing deer. Two personal injuries occurred in dog bites and deputies responded to a neighborhood where a vicious dog was spotted.

During May, 321 complaints were entered in the sheriff's log and 343 citations were issued. Arrests totaled 26 and 45 prisoners were booked at the county jail. Department vehicles logged 23,505 miles during the month, including 21 ambulance runs.

Morford-Moshier Claim Board Seats O.K. School Renewal, Nix Added Mills

by Joe Schrader

Crawford-AuSable school voters went to the polls Monday and passed a 17.90 millage renewal by a comfortable margin, defeated a proposed 5.70 added mills by a wide margin, and elected a pair of newcomers to seats on the Board of Education for 4-year terms beginning in July.

When the final tally was in late Monday night, voters had OK'd the renewal, 1306-680, but nixed the added mills by a better than 2-1 margin, 1343-612. Board hopefuls William Morford and Roger Moshier topped a nine candidate field with 726 and 724 votes respectively to claim posts on the board commencing in July.

Voter turnout was termed "medium" Tuesday morning by school administrators, who viewed the election results with mixed emotions. "We are pleased the renewal passed so handily," remarked School Supt. Dr. Bill Diedrich, who expressed disappointment on the other hand that the added mills failed to get voter endorsement.

"The Board of Education is going to have to make some decisions now," he said.

Diedrich said the Board will meet in regular session next Monday night to consider a list of budget cuts that has already been prepared. "I will be prepared to make a recommendation to them at that time," said Diedrich, "and the next move will be up to the Board."

Voters in all three precincts passed the 17.90 mill renewal with the biggest margin occurring in Precinct No. 1 (City-Beaver Creek & Grayling Townships), where it passed 1078-515. In Precinct No. 2 (Frederic Twp.), the vote was 154-96, and Precinct No. 3 (Lovells Twp) approved the renewal, 74-69.

Conversely, the added millage was turned back in all three areas as follows: Precinct No. 1 (1025-549), Precinct No. 2 (201-44), and Precinct No. 3 (117-19).

Other Board of Education candidates received the following voter support: Wm. Duane Sloan (481), Mickey L.

Perez (426), Michael J. McNamara (348), Seeley G. Wakeley (292), Thomas H. Schans (283), Sherry M. Hanson (229), Doris O. Birtcher (64).

School officials have said that massive cuts would have to be made in school programs without an increase in operating millage for next year. Escalating school costs and shrinking government revenues are blamed for the fiscal dilemma faced by districts around the state, where millage defeats have been commonplace so far this year.

The Crawford-AuSable School District is facing an estimated \$53,000 shortage this year, and that, coupled with projected increases in operating expenditures for 1981-82, leaves the Board of Education with the problem of slashing \$671,000 from next year's budget.

Diedrich said that he would be making a presentation at the Board meeting Monday night that will show what school cuts would be necessary to operate the schools without added millage next year.

Buckeye Guardsmen Due Saturday

By Joe Schrader

Advance troops began arriving June 10th in preparation for the arrival of an additional 2,700 Ohio National Guardsmen this Saturday, marking the start of summer training exercises at Camp Grayling for over 18,000 troops scheduled to train here this summer.

"We are looking forward to another good camp," said Master/Sgt. Howley of Ohio's Command and Central Headquarters when contacted early this week in Worthington, Ohio. Howley said advance personnel would arrive Wednesday to prepare for the two-week encampment scheduled to conclude on June 27.

The Ohio units will be the first of two groups here from the Buckeye State this year. The second encampment of 2,600

troops will be here at Camp Grayling July 25-August 8.

Howley outlined the makeup of the groups scheduled to arrive Saturday: 107th Armored Cavalry Regiment accompanied by an attack helicopter troop with two cavalry squadrons.

Additionally, the 26th Engineer Company will arrive, and the 112th HHC Medical Brigade, consisting of the 385th Medical Company, an ambulance group, and 684th Medical Company, dispensary troops.

Three maintenance units are included: the 737th HHD Maintenance Battalion, 211th Maintenance Company, and 1485th Transportation Company. Also the 137th HHC Supply and Service Battalion.

Howley said participating units also included: 324th MP Company, 838th MP Company,

three USAR Units consisting of 645th General Supply, 175th MP Company, and 524th DSC Electronic Warfare group out of Detroit.

A small group of weather forecasters, the 163rd Weather Flight Detachment, Indiana Air National Guard, will headquarters at the airport.

The units will leave Camp Grayling on Saturday, June 27. Howley indicated, when 1,674 USAR troops are scheduled to arrive for two week's training ending July 10.

"We always enjoy coming up there," Howley said on Monday about the group's planned arrival at Camp Grayling this weekend.

The Ohio Army National Guard Command & Control Office at Camp Grayling will serve as headquarters for the Buckeye contingent for the next two weeks.

Industrial Hostage Bill Spells Doom

By State Rep. Ralph Ostling

There is not a single person in this state who is not aware of the seriousness of Michigan's unemployment rate, business migration rate and the dramatic increase in welfare caseloads. Because I am concerned about our state's health and its ability to remedy situations critical to the state's economy, I want to share with you my displeasure regarding a "home remedy" to Michigan's business problems...a remedy that could literally destroy the business climate in Michigan.

Representative Perry Bullard, an Ann Arbor Democrat, has developed legislation that would require a business to file notice with the state 12 months before it lays off 100 or more employees or before a plant closing that would displace 100 or more workers. In addition, after a business closes it must pay health insurance for one

year and give each worker a two-week paid vacation to look for another job. All this and the unemployment compensation payments, too.

What disturbs me about this unprecedented intrusion by government into the private sector is that the majority party in the House has passed this bill

Warning

Weapons firing will be conducted at Camp Grayling during the period 15-21 June 81.

Firing will be going on in the following range areas:

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek.

The Mortar Range located south of Main Post, bounded on the west by Cadillac Rd and on the east by Carrier Rd.

The Range 30 Complex located north of North Down River Rd, east of Jones Lake Rd, south of County Rd 612 and west of Damon Truck Trail.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97.

The ranges will be closed during the period 15-21 June 81 and all persons are warned to stay out of the areas identified.

of committee and wants to vote on it soon. At a time when the State Legislature should be working to create a friendly, productive business atmosphere in the state, Mr. Bullard and those who support this legislation would instead hurt businesses already established in Michigan and make the state as unattractive as possible for new businesses that might locate here.

The irony of the "industrial hostage bill", as it is known in Lansing, is that it would turn Michigan into a desolate, impoverished welfare camp. It has already caused irreparable damage to Michigan's image as businesses who have considered moving to Michigan and who have heard about the bill passing the Labor Committee immediately withdrew plans to relocate here. We have the supporters of this bill to thank for the jobs lost.

Summertime in Crawford County means active training for nearly 20,000 National Guardsmen and Army Reservists and the first group from Ohio is scheduled to begin arriving at Camp Grayling this week. To welcome them the Grayling Regional Chamber of Commerce is again this year sponsoring several receptions whereby local residents and visiting Guardsmen are afforded the opportunity to meet one another to discuss common interests and problems in a very relaxed atmosphere.

The first reception is scheduled for Monday, June 15th at the Grayling Archery Club, who are co-sponsoring these receptions for senior NCO's. These events will be held in a very casual manner and will feature hot dogs and other refreshments. Subsequent senior NCO' receptions will be held on the first Monday of each new encampment. June 29-USAR July 13th-Michigan, July 25-Ohio unit No. 2, and August 10th-Indiana.

Also the Chamber will hold receptions for senior staff officers of each visiting unit. These are scheduled for the first Thursday of each new encampment and will be held at the Grayling Country Club. These gatherings will feature hors d'oeuvre and will again be quite casual with no formal program planned.

The public is encouraged to attend all of these receptions to welcome Guardsmen and Reservists to welcome them to another summer in Crawford County. Tickets are on sale at the Chamber office and are priced at \$3 for NCO receptions, \$5 each for officer and season tickets can be purchased for \$35 for all events.

From Our Corner ...

Hold everything...at different times we've brought up the fact that we had lived here long enough to become a native of Crawford County only to be denied the official sanction by a local group headed by Grayling's statesman, William Joseph...only a few weeks ago Jack Alef and myself approached Bill at an outing and asked him just how long one had to live here before they would become a native?

Well, we were up in our old stamping grounds last Friday evening to attend a graduation party for our great-niece Marcy Quay, and had a visit with our elder sister Belinda and elder brother Svend, and they brought to mind some thing that I had known but had forgotten...seems as how my grandfather and grandmother on my fathers side came to Grayling from Denmark and settled here in Grayling back in the late 1800's and built a house on Spruce St. just at the top of the hill overlooking the AuSable River...in fact we were told that our father grew up here and used to play with Chief Shoppenagon's daughter, Nancy...

The how abouts that we came here from Gaylord was that most of the family moved to Johannesburg when the mills were in operation...later my father and mother moved to Gaylord when my dad went to work for Michigan Central Railroad...

So there...we are going to claim to be a native once removed...the problem now is that we don't know how we can help Jack unless we get on the board of directors that vote on such things here and talk to Bill once again...30 years seems to me to be long enough to wait...we'll try Jack...

Once again we will relate the policy of the Avalanche's Letters to the Editor...for any letters to appear in the next issue, they must be in our hands no later than Friday noon prior to the next issue...we reserve the right to reject any letters that would be libelous or slanderous, or may be in poor taste...many writers feel that they are the only one who may be charged with libel when a letter would appear, that is untrue, the Avalanche is just as responsible...all letters must be signed with address and phone number to even be considered for publication...unsigned letters find their way to the waste basket...due to the letters received around the time the school was contemplating building a new middle school, and just recently, letters will only be considered of 450 to 500 maximum words...the Avalanche encourages letters to the editor, but requests, check them over and make sure you are conveying what you wish and are not in an angry mood...after sleeping on it overnight, you may wish to re-write the letter. Opinions of other people are most welcome...

Sunday we received a nice surprise...John, Toni, T.J., Stef and even the black pony arrived...the trip over was to take down the ol' fella's storm windows, which in the past few years have just become to heavy for us to handle...while they were here we received a phone call from our Nevada family and reports all is well with Amber, Syd and Dane...they are still fighting the heat in the Las Vegas area...

This will take care of this turkey for tonight...we are heading for some orange pop in the back yard...good-night, T.J., Stef and Amber...and to all, have a very nice weekend...

The Bible Speaks

Rainbow Proves Capital Punishment

God said in Genesis 6:11-13 that His reason for destroying all people except the family of Noah was because of increased corruption and violence. Every time you see the rainbow you are reminded not only that God killed practically the entire human race because of corruption and violence, but also, the fact He has entered a new covenant with the earth in dealing with violence. God will never again destroy all mankind with a universal flood.

Notice the Noahic Covenant in Genesis 9:1-17. Now let us see who is included in the covenant: 1) Noah and his seed after him. "And I, behold, I establish my covenant with you, and with your seed after you." Gen. 9:9. 2) The covenant was "for perpetual generations." Genesis 9:12. 3) The covenant is with "every living creature" including "fowl" "cattle" and "every beast of the earth with you." Genesis 9:10, 11, 12, 15, 16, 17. 4) The Noah covenant is "an

everlasting covenant between God and every living creature of all flesh that is upon the earth." Genesis 9:16.

Now that we have proven beyond a shadow of a doubt that the Noahic covenant is still in force today, let us see if we still recognize every part of it for today. 1) God instruction to "Be fruitful, and multiply, and replenish the earth" has never been receded. Genesis 9:1, 7. 2) Animal's fear of man is still in effect. Genesis 9:2. 3) The human race still has permission from God to eat meat for food. Genesis 9:3 and Acts 10:9-16. 4) Man is still forbidden to eat the blood of any flesh. Genesis 9:4 and Acts 15:29. 5) Capital punishment for murderers is instituted to prevent the earth from being overtaken in violence again. "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man." Genesis 9:6. This became the only divine authority for the establishment of human government to control violence and corruption upon the earth through corporal punishment including and up to Capital Punishment. This 5th part of the Noahic Covenant is the only part seriously challenged today. God's rainbow still follows the rain.

Listen to 2 Peter 3:3-7: 3) "Knowing this first, that there shall come in the last days scoffers, walking after their own lusts. 4) And saying, Where is the promise of his coming? for since the fathers fell asleep, all things continue as they were from the beginning of the creation. 5) For this they willingly are ignorant of, that by the word of God the heavens were of old, and the earth standing out of the water and in the water. 6) Whereby the world that then was, being overflowed with water, perished: 7) But the heavens and the earth, which are now, by the same word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men."

Peter tells us that "scoffers" of "the last days" can be characterized by disbelief in the Bible account of creation, Verse 5; disbelief in the universal flood, Verse 6; and disbelief in the future destruction of the ear-

Those discharged were: Margaretrose Decker, Virginia Wright and Emrys Evans all of Grayling; Charlyann Pelton of Frederic.

Campaign for St. Jude

On behalf of the children at St. Jude Children's Research Hospital, it is our great privilege to announce a State-Wide Campaign for the Hospital to occur June 12-14th. Twenty-six Radio Stations and a Television Station throughout the state of Michigan will join hands to help raise funds to keep this world acclaimed Hospital open.

St. Jude Children's Research Hospital first opened its doors in 1962 to children with catastrophic diseases. When the Hospital opened less than 3% of leukemia victims had a chance for survival. Now, thanks to St. Jude, more than 50% of leukemia patients can survive this killer disease.

The Hospital was founded by Danny Thomas; and since he cut the ribbon in 1962 to open the doors, not one patient has ever been charged for any services. Thanks to public support, thousands of children live; because you gave to St. Jude Children's Research Hospital. Thousands of children, who without St. Jude would surely have died.

If you would like to make a pledge now, please call 1-800-457-2444.

Please give and help children live throughout the world.

Prison Riots Caused By "Staff Mutiny" Report Says

Warren M. Hoyt, Executive Director, MPA

A report to Governor William G. Milliken blames the outbreak of prison riots on a "staff mutiny" with one riot at Jackson leading to others at Ionia and Marquette.

Peter Ellsworth, the governor's legal counsel, in making the report to the governor, put preliminary damage estimates at \$2 million at Jackson and less than \$1 million each at Ionia and Marquette. Some 45 prisoners and 68 staff members were left injured at the three prisons during the uprisings.

The Department of Corrections reports that full damage estimates will not be ready until sometime in early June.

Ellsworth concluded that Jackson guards moved to lock up prisoners despite contrary orders from prison management, but said it was uncertain whether a strike was planned.

The guards, and its union, the Michigan Corrections Organization "in essence unlawfully took over management and control of the State Prison of Southern Michigan," the report said.

Fred Parks, director of the organization, submitted a statement to the governor in which he said the guards took action to protect their safety and the management under the level of warden acted irresponsibly and indecisively in dealing with the situation.

"It is management's failure to meet its statutory obligations under the Michigan Occupational Safety and Health Act by refusing to maintain staffing at the critical levels, which was the root of the recent disturbance at Jackson," Parks said.

Milliken, who also named a nine-member task force to more fully investigate the prison disorders, said one charge specifically will be to investigate the actions of staff.

He said a preliminary report will be due in 30 days and a final report in 60 days.

Department of Corrections Director Perry Johnson said he will take "appropriate action" for violations of rules or law by guards or inmates.

He said he recognized animosities exist between the union and the Jackson administration, but noted he is trying to work out the differences.

The director reported the seven units destroyed by fire, which held about 200 inmates, will not be replaced since they were scheduled for removal by 1984 anyway.

Instead, inmates are temporarily doubling up and will be disbursed to other institutions eventually.

Ellsworth recommended serious consideration of opening a new prison in Ypsilanti before the scheduled September 1 date.

Johnson added that employee discontent, overcrowding, warm weather and an accumulation of desperate men, who do not have the hope of gaining good time credits all helped contribute to the prison violence.

Credits for certain violent criminals were eliminated through an initiated law that is now three years old.

While Johnson is a strong advocate of the use of good time he said he doubted if there would be much sympathy for rewarding prisoners for the behavior.

Utility Companies Institute Lifeline Rate Structure

A lifeline rate structure, providing rates 15 percent lower than average prices for a basic block of electric usage has been approved for use by Detroit Edison and Consumers Power.

The rate structure was required by a 1980 state law, which required a block of electric usage sufficient to meet basic household needs to be priced low enough to be affordable by most customers.

Because the price increases for usage beyond that basic block (360 kilowatt hours for a one or two member family and 510 kilowatt hours for large families), the rate structure is expected to help induce conservation.

Mr. Howard Madsen, Publisher
Crawford Co. Avalanche, Inc.
Grayling, MI 49738

Dear Mr. Madsen:

I wish to answer the letter to the editor by Mr. Robert Woodland against our column "The Bible Speaks" concerning Capital Punishment. Mr. Woodland, your apparent anger and hostility to the exercise of God's wrath through human government indicates either humanistic training in college or instruction in religious liberalism or both. I can tell you are a man of strong convictions. May I appeal to your intelligence and good common sense.

Since God created man in His own image, there is no other power but God who has the authority to interfere with man's life, liberty and pursuit of happiness while here on earth. Since only God gave man this unique position, only God has the authority to punish a human being. Even parents have no authority to punish their own children for wrongdoing, except as representatives of God and in accord with the teachings of His word. The church has no authority to discipline members, except as God's representative and in accord with Bible instructions. Human government has no authority to punish citizens for wrongdoing, except they do it as "the minister of God" as clearly taught in Romans 13:1-7. Without this authority from God, human government could not punish criminals for internal crimes, neither could governments fight righteous warfare in either a righteous cause overseas or defense of our own nation. Apart from these 3 basic God given institutions, no other person or organization has the authority or right to interfere in the affairs of another human being.

Now Sir, if fundamental Bible Christianity is wrong and the religious liberals and secular humanists are right. Then we are indeed caught in a terrible mess. Since they reject the Bible as 100% true and final authority, and place man in the position of a god, then all punishment is wrong. They have taught us it is wrong for parents to spank their children. Now we have a generation which even the police cannot handle. They told us America was morally wrong to fight Communists and encouraged our government to disarm. Then they collected millions of dollars from members of their churches and sent it to Communists soldiers overseas to help overthrow non-communist governments in the name of Christian love. They defend, through situational ethics, abortion, homosexuality, pornography and sex outside of marriage and wonder why our women and children are not safe on the streets. They wonder why the number of divorces at times passes the number of marriages. Certainly we have progressed far enough to see the handwriting upon the wall.

You said, "No one who has been moved by the love of Christ for mankind could possibly believe that He would seek vengeance." All human beings have a built-in hatred of injustice. This is certainly a

part of the image of God which he created in man. While we feel injustice should be punished, only God has the authority to carry it out.

"Dearly beloved, avenge not yourselves, but rather give place unto wrath: for it is written, Vengeance is mine; I will repay, saith the Lord." Romans 12:19. While this is God's conclusion to chapter 12 of Romans where He speaks of interpersonal relationships, Notice Romans 13:1-7 follows and shows us how God will carry out Vengeance through Civil government. Notice the context "rulers" in verse No. 3 and the heart of the matter in verse No. 4, "For he is the minister of God to thee for good. But if thou do that which is evil, be afraid; for he beareth not the sword in vain: for he is the minister of God, a revenger to execute wrath upon him that doeth evil."

You tried to use the people's release of Barabbas and the crucifixion of Jesus as support to your charge that I am supporting violent retribution and rejecting the love of Christ. In reality, Pilate, who represented civil government desired to

release Jesus, in whom he found no fault, and crucify Barabbas as murderer, robber and terrorist guilty of capital punishment. It was the false religious leaders of the day that caused society to reverse justice. "But the chief priests moved the people, that he should rather release Barabbas unto them." Mark 15:11. I will not insult your intelligence by making the same application to the present issue. You see the truth!

I believe most of the accusations in your letter were based upon misunderstanding of our Bible beliefs. If you feel I have failed to answer any of your comments please let me know. Some of the unreasonable implications you suggested, I attributed to a mood of anger rather than mastery of the facts.

We have written nearly 400 columns over the past 9 years. We certainly hope there are a few conservative friends left in Grayling who, regardless of their faith, appreciate our human attempts to present Bible answers to the growing problems of a complex society.

Q: IF I CAN GET A HIGHER RETURN FROM A MONEY MARKET FUND, WHY SHOULD I PUT MY MONEY IN FIRST SAVINGS?

A: INSURED SAFETY AND A GUARANTEED RETURN.

It's as simple as that. With a First Savings Money Market Certificate there's no risk. Your savings are insured up to \$100,000. And the rate is guaranteed for the length of the certificate. With a Money Market Fund it's different. Your money's not insured, so there's always the chance you could lose it all. And in many money market funds the rate of return is not guaranteed. In some Money Market Funds, the rate changes daily. If the rate goes down so does your return. That's why it's important to check carefully before you invest. So the question is really not who pays a higher return today, but risk versus no risk. We think you'll feel a lot better with your savings in a First Savings "No Risk" Money Market Certificate.

Gentlemen:

I recently had the pleasure of officiating a doubleheader baseball game between your school and Rogers City High School. Your school is to be commended for the conduct of your athletes during that event.

During my baseball officiating this past season I had the opportunity to observe many other high school teams. I can honestly say that the athletes of Grayling High School are the best example of sportsmanship that I have seen! Your coach, Mr. Wolcott, should be commended on a job well done.

If your baseball team is any indication of the rest of your athletic program, then Grayling High School is indeed a winner. Your baseball athletes are a true example of what high school athletics is all about.

I hope that my two sons will grow up and conduct themselves as well as the members of your baseball team do. Best of luck in all future athletic events.

Hear The Band

By Terri Fijolek

This is the last article for the band this year. We are going to stop for the summer, but plan to pick it up again next fall. It has been a great year for all of us and everyone feels they have learned a lot.

For the freshman, marching was a new experience for them. They were able to march in a varsity football half-time show for the first time and show off their talents. They also went to the Festival for the first time. They all felt that, that was a good experience for them.

The sophomores and juniors, well, they practiced their already learned marching techniques and allowed themselves to learn more and become better band members. They were also able to help the freshmen so that they could get better throughout the year. They made a lot of progress this year.

Last but not least, the seniors. We had five seniors graduate this year; Terri Fijolek, Rod Leslie, Jay Schrader, Alicia Taylor and Shawna Watters. Each of these people has added their own special touch to the band and hopes that future members of the band have as good a time and experience as they did. Good Luck Grayling High School Band.

Calvary Baptist Church
Rt. 4 Box 4103-c
Grayling, Mich 49738

Mr. Howard Madsen, Publisher
Crawford Co. Avalanche, Inc.
Grayling, Mich 49738

Dear Mr. Madsen:

I wish to answer the letter by the 7 clergymen who took issue with our column, "The Bible Speaks" on the subject of Capital Punishment. This is the second time clergy from this group have challenged the Bible teaching of Calvary Baptist Church. In a letter to the editor dated October 29, 1972, one of you rejected the Bible right for our nation to fight and kill Communists overseas. Now you are denying the Bible right for our nation to execute capital punishment upon convicted murderers. Your entire letter has one grand theme, the love of God. You are mixing church and state. Love is the message of the church. Law is the message of the state. "And Jesus answering said unto them, Render to Caesar's, and to God the things that are God's, and they marvelled at him."

The overall tone of your letter indicated all of you have more of God's love for human life than I do. You have only defended the human lives of militant Communists, a condemned terrorist and murderers in general. It would be great to see you show such love toward the millions of innocent, helpless, unborn human beings who are murdered by the millions through abortion. Perhaps you can show us your love for human life in our family units by taking a stand against sex outside of marriage, pornography, homosexuality and the E.R.A. Since you have such great love for human life, what about our nation? All human life in America is threatened by world-wide Communist aggression. Instead of supporting your liberal denomination which has sent millions to support Communist soldiers in the overthrow of non-Communist governments, as one of you has, how about supporting the national buildup of defense within our own nation? Human life in America comes first.

God is a balanced God. He is a God of love. He is also a God first of hate and wrath. God loves holiness and hates sin. God loves truth and hates error or lies. God loves the righteousness of those who through the love of Christ on the cross are going to Heaven. He hates the wickedness of those who reject the vicarious atonement of His Son and shall spend eternity in the torments of Hell. It is the God of love who destroyed all human life except Noah and his family in a universal flood. Genesis 6-8. "And God said unto Noah, The end of all flesh is come before me; for the earth is filled with violence through them; and, behold, I will destroy them with the earth." God destroyed the majority of the human race because of "violence."

God instituted Capital Punishment immediately following the universal flood to control such violence through human government. "Who so sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man." Genesis 9:6. Violence has filled the earth today because Secular Humanism and Religious Liberalism have caused most modern governments to lay aside God's plan to handle violence.

The Lord Jesus Christ shall come back to this earth and destroy it with fire instead of water. II Peter 3:10 "But the day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up."

The Lord Jesus Christ spent more time talking about eternal Hell for the wicked than any other person in the Bible. See Matthew 5:29; Matthew 7:13; Matthew 8:12; Matthew 10:28; Matthew 13:40-42; Matthew 13:49,50; Matthew 18:8,9; Matthew 22:13. Now look in the book of "The Revelation of Jesus Christ" Revelation 1:1. Notice some of the phrases used: "he shall be tormented with fire and brimstone in the presence of the Lamb: The smoke of their torment ascendeth up for ever and ever; and they have no rest day or night." (Rev. 14:10, 11); "And the beast was taken, and with him the false prophet... These both were cast alive into a lake of fire burning with brimstone." (Rev. 19:20); "Whosoever was not found writ-

ten in the book of life was cast into the lake of fire." (Rev. 20:15); "But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death." (Rev. 21:8). If you do not believe God is balanced with as much wrath for the wicked as love for the righteous, you have a problem of unbelief in the Bible.

Since you did not use a single verse of scripture from the Bible to support your position, it is based solely upon your combined reason. I wish to challenge some of your points of reason also. First, you questioned the deterrent effect of Capital Punishment. All of us know the man who shot the Pope was an escaped murderer and was alive to shoot the Pope only because the government which condemned him to death was unable to carry out the penalty before his escape. Had capital punishment been carried out properly the Pope would not be wounded today. I call that a deterrent.

Next you accused me of "depicting God as a deity who somehow is pleased by the execution of wrongdoers." This is unscriptural. "...As I live, saith the Lord God, I have no pleasure in the death of the wicked..." (Ezekiel 33:11) May I now quote again that section which you twisted, "God did not tone down capital punishment for His only begotten Son who died on a cross for your sins and mine. Surely he hath borne our griefs, and carried our sorrow: yet we did esteem him stricken, smitten of God, and afflicted. Yet it pleased the Lord to bruise him; he hath put him to grief: when thou shalt make his soul an offering for sin, he shall see his seed, he shall prolong his days, and the pleasure of the Lord shall prosper in his hand. He shall see of the travail of his soul, and shall be satisfied..." (Isaiah 53:4, 10, 11a) This is the only part of my article which used such words as "pleased",

Editor's Mailbox

"pleasure" and "satisfied", but these words are used of God the Father toward the prophesied death of His Son for our sins. You took the above words out of the context which I gave them and made our Lord Jesus Christ into a "wrongdoer." These are the kinds of subtle tactics the liberals are known for when attacking Fundamentalists.

Your big argument about the Pope forgiving the man who shot him is meaningless. All of us are to always forgive those who trespass against us. This is personal forgiveness. This does not involve or fulfill the just requirements of the law. You may be speeding in your car and hit my car from behind killing some of my family. I could and would personally forgive you, but I would expect the police to carry out the normal implications of the laws of Michigan. Christian forgiveness should not interfere with the just demands of civil law.

Let us be reminded only God has the right to take a human life. He has given that authority and responsibility to government to curb internal violence among individuals and to defend our nation in righteous warfare. No individual has this power or authority except collectively to pass laws which fulfill such requirements. No one has the right to form groups independent of the government to take law or justice in their own hands. We are to be a nation of law and order under God.

The American people are not ignorant. They know the liberal clergy and secular humanists have almost destroyed human life in America. According to a recent national poll, the majority of Americans personally identify with the Moral Majority. The attempts of these liberal humanists to remove God's wrath from human government has left us with riots in our streets and prisons. Their situational ethics have permitted sex outside of marriage, homosexuality, pornography and the E.R.A. to wreck human lives in our homes. Their repeated support

of Communism in the name of love and repeated criticism of our own nation has placed us in our present military peril. I am not saying all 7 of the clergy who signed the letter opposing capital punishment are either liberals or humanists. When people join with liberals and support a liberal cause, they certainly appear suspect. "By their fruits ye shall know them?"

I am very thankful to these seven clergy for publicly reminding the Grayling community that there is a difference between Fundamental, conservative churches which believe 100% of the Bible as final authority from God, and various degrees of more liberal churches who do not believe 100% of the Bible for authority, but substitute their church, their reason, their traditions and their religious experience.

Sincerely,
Pastor Barnett

Couples Golf Party Held

By Fay Bovee

The first Sunday Couples Golf Party was held on June 7 with about 70 people enjoying an afternoon of golf and steaks, potato salad, beans, salad, and cake, at the dinner following. It turned out to be an almost perfect day for golfing and prizes were awarded to six foursomes for their low rounds in Scrambles. Coming in with 34 were the Dale Pettengills and Jim Wiltse, the Bob MacIntoshes and Bill Murches, and the Dale Nielsons and Melvin Nielsons. Second place with a 35 were the Bill Scheers and Don Janssens, the Mike DiPonios and Bruce Smiths, and the George Griffiths and Walt Nowaks. Low putts of 12 went to five foursomes, the Scheers and Janssens, Pettengills and Wiltse, McIntoshes and Murches, Nielsons and Nielsons, and the Ken Wymans and Ralph Kasemans. Liz Vajda hit the longest drive for women on number 5 and Tom Schans for men on number 5. Mike DiPonio was closest to the pin on number 8 and Helen Corbett closest to the pin on number 2. Door prizes were awarded to Phyllis Scheer and Roy Clingensmith. They were many other prizes given away in the drawing.

Don and Elsie Jansen, Bill and Phyllis Scheer, Clare and Clara Beaufait and Hal and Marge Walker were in charge of arrangements for the party and everyone had a good time. We'll see you at the next party scheduled for the end of June.

Alumni News

This is an Anniversary Year for our favorite Award - the Roy O. Milnes Award that was established in 1961, in memory of a faithful member of the Alumni Board and a graduate of the Class of 1916. The first recipient was Tom Stamply, '61, as "The Best All Around Good Citizen of the Senior Class." This year, after several ballots from the High School teachers, we had a "tie". I was privileged to present this at the Awards Program on May 28. Co-winners were Sheryl Wieland and Scott Duncley. Both students are representatives of this Senior Class of '81...133 fine young people who reflect pride on G.H.S.

Also representing the Board was Elmer Fenton, '29, who gave six Alumni Association Scholarships to Jay Schrader, Susan Diedrich, Scott Duncley, Scott Hamlin, Melissa Meldrum, Sheryl Wieland...The Carl W. Borchers Scholarship was given to Susan Prause. We wish happiness for them in their future. If some of the Class Reunions would like to get in on this project, we will gladly accept any and all donations...our small Alumni Association Membership has carried the responsibility for many years, for the whole G.H.S. Alumni. Now we are ready to award these scholarships on a yearly basis and we want to continue...it has been a long time coming.

We congratulate Lacey Stephan, class of '62, who was named "Teacher of the Year." We are proud of our G.H.S. Alumni. Date to remember...September 26...Alumni Homecoming.

Clara Sorenson, '35
Membership Secretary

We make business insurance simple for you.

See us for all your Insurance needs.

If you own a small business, you know what a big headache insurance can be. With different policies to keep track of, you may be paying for coverage you don't even need.

But we've simplified business insurance for you with BOP...for Business Owners Protection. It's a great, new policy from Citizens that wraps up all your insurance needs in one nice neat package.

Citizens has even taken the "legalese" out of BOP and put clear, understandable English in its place. So you can make sense out of what you read.

BOP. One policy. Simple language. A lot of coverage. Insurance that really gets down to business. See if your business qualifies.

Holiday Inn Names "Employee of the Year"

George Bernhardt, a 7-year employee, was named last week as "Holiday Inn Employee of the Year," an award Innkeeper Hertha Laupmanis said would become an annual event. George is shown receiving a color portrait from owner Ron Fraser and Ms. Laupmanis at a special luncheon held on his behalf last week. Friends and co-workers joined the celebration.

During congratulatory remarks, Fraser said the award was appropriately announced on the celebration of Holiday Inn's 9th Anniversary in Grayling. The award recipient said "he enjoyed working for Holiday Inn and hoped to do it for at least a few more years."

A World War I veteran, George has resided in Maple Forest Township for 12 years and is owner of the Bass Lake Cabins on Bluegill Lake. His earlier years were spent in Detroit where he was a restaurateur.

He has two children, a daughter in Union Lake, and another living in California. A Holiday Inn kitchen employee, George has eight grandchildren and nine great-grandchildren. (Joe Schrader photo)

CC Playhouse Season Set

Miss Eva Gabor completes the roster of stars for the Cherry County Playhouse this summer and will appear in Noel Coward's delightfully funny and light hearted Blithe Spirit. Miss Gabor will shine at the Playhouse for one week, July 14 through 19.

At the Playhouse Eva Gabor will create the roll of the vicious and fun loving spirit of a man's first wife who decides to stay and haunt him through his second marriage.

With the season set, the C.C.P. will open its box office for the 27th time on June 15, with hours from 10 a.m. to 5 p.m., Monday through Saturday. Starting June 30 the hours will be extended through the end of the first intermission and on Sunday from noon until the end of the first intermission.

Ticket information can be obtained by calling (616) 947-9560.

Rogers-Reive Exchange Vows

The Mason Chapel was the setting for a riverside wedding on May 20, 1981 when Ora R. Reive of Grayling and Darlene K. Rogers, Houghton Lake, were united in marriage.

Sunshine prevailed over the semi-formal wedding, the bride wearing a dress she designed and made herself, along with the ring pillow.

Officiating at the ceremony was Norval Stephan, with Leonard Lobsinger and Sherri Ciaramitaro serving as attendants. Carrier for the double ring ceremony was Jeremy Ciaramitaro with Heather Rogers and Michelle Ciaramitaro as flower girls.

A reception was given at the South Branch Township Hall for the couple who will return to Houghton Lake following their honeymoon.

Historical Society News

The Crawford County Historical Society held its second meeting of the year on June 1st at 7:30 p.m. in the museum.

It was decided to investigate the possibility of obtaining a better and safer heating system.

Plans were finalized to place printed cards in various business places around town advertising the Crawford County Historical Museum.

We have several new members added to the committee, namely; Louise Feldhauser, Helen Feldhauser and Jackie Ruddy.

The members who have been on the committee of the museum are Mr. and Mrs. LeRoy Akers, Betty Millikin, Sal Hubel, Mary Harland, Margaret Douglas and Ruth Caid.

We welcome visitors at our meetings. The date for our next meeting is scheduled for July 6th at 7:30 p.m. at the museum.

Why not make a visit to the museum? It is a place where the older generation may come to view the pictures and artifacts that will bring back memories of early times. A place where the young may come to see what things were like when their parents and grandparents were young.

The following groups of elementary students have visited the museum in the past week: Mrs. McEvers-4th grade, Mrs. Knibbs-2nd grade, Mrs. Benson-3rd grade, Mrs. Akers-4th grade, Mr. Hatfield-4th grade, Mrs. Flemming-5th grade, Mr. Hayes-4th grade, Mrs. Rovee-5th grade, and Mr. Andrus-2nd & 3rd grades.

We welcome visitors.

COMPETE IN SPELLDOWN

Yesterday, June 3, 1981, at 1:45 there was a Spelldown for the fourth grade. There were four people from each fourth grade room. Mrs. Funck, standing in back, was the lady who told us what words to spell. I was nervous about going up there. I thought for sure I was going to go down. I won the Spell-down and got a dictionary and I'd like to thank Mrs. Akers, Mrs. McEvers, Mr. Hayes and most of all my teacher, Mr. Hatfield, for making it so I could be in the fourth grade Spelldown. I like the dictionary very much and I thank all the fourth grade teachers.

ARROW OF LIGHT CEREMONY—Four Webelos Scouts made the move to the Boy Scout Rank in Arrow of Light ceremonies held May 20 at the Elementary School. The four include Rusty Argue, Kerry Harwood, Ron Bancroft and Brett Brown.

Pictured are members of local cub scout dens and other officials who witnessed the special ceremony. The Arrow of Light is the highest honor bestowed a cub scout, and the only award that can be carried to boy scout level.

Special recognition was also given Karen Golnick, who is taking a back seat in the scouting movement after eight years of service. Her husband, Karl, was also honored for the couple's combined efforts on behalf of the local scouting program.

Joy Wright was recognized for her four years service and various other cub scout awards were presented. Assisting in the ceremonies were scout official Russ Baughn of Higgins Lake and his wife, Connie, Unit Commander at Roscommon. (Joe Schrader photo)

Fourth Grade Visits City Hall

On May 19, 1981, Mrs. Akers' class went to City Hall to see how to vote. The voting machine is blue on the outside and grayish white on the inside. There is a booklet which is yellow. There is a yellow piece of paper which has black boxes and black numbers on them.

You take the yellow paper and put it in a slot. You take the stylus (a small pen for writing) and punch the sheet of paper. When you're done you take the piece of paper, put it in an envelope, then put it in a computer for counting. We watched people vote for Proposal A.

Mrs. Morford and Mrs. Papendick gave the tour and explained on voting machine work. Thank you both for your help.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

It won't be long now before the nemesis of those who enjoy the out-of-doors will appear. There are over 40 different species to be found in Michigan with exotic names like Psorophora, Mansonia, Culiseta, Aedes, and Culex. To the naked eye, they all appear to be the same. But, they aren't, of course, and to those of us who are sometimes tormented by them, it makes little difference.

They operate in shifts: some species bite only during full daylight, others only during full darkness, and still others bite twice a day during the twilight of early morning and evening. Some lay their eggs in groups called rafts; others lay single eggs. The eggs of some species must freeze in order to hatch. Others cannot freeze, so those adults winter over in your closet, garage or wherever there is shelter, coming forth when conditions are right to lay their eggs. The eggs must be laid in water in order to hatch so if we have a dry spring, they won't bother us as much. But I must tell you that some of those eggs will remain viable for two years.

Some species bother humans; some feed exclusively on birds, some on heavily furred animals, some on reptiles, and some on anything, including you and me.

I think by now you have guessed the subject of this is the mosquito, which, for better or worse, is a seasonal visitor to the Tall Timber of the Hartwick Pines.

News of Good Things Growing...

By Margaret G. McCall

If you've never prepared cream puffs, because you thought they were difficult to make, please think again. They're easy, they're elegant, they're versatile. And they give you an opportunity to use some of the many good things growing in Michigan — butter, eggs, whipping cream, ice cream, and other ingredients.

Consult your favorite cookbook. It will have at least one recipe for cream puffs. The basic rule is simple. You combine butter and water and bring to a boil, add flour and stir until the mixture forms a ball; remove from heat, beat in one at a time the prescribed number of eggs; then bake according to directions. The dough can be made in your food processor, too, if you don't like beating by hand.

Miniature cream puffs can be filled with a variety of mixtures for appetizers. My favorite is a combination of cream cheese, sour cream, chopped olives and crabmeat or tuna. These can be made ahead and frozen for up to a month. When ready to serve, simply reheat in a 400-degree oven for about 15 minutes. The filling will be hot, and the puffs will remain crisp.

For a summer luncheon, cut large puffs in half and fill with chicken salad, ham and egg salad, or any other combination you like. Fill large cream puff halves with a quiche mixture, bake until set, and serve as individual breakfast or brunch portions.

Dessert puffs filled with whipped cream can also be frozen, and these need only to be thawed before serving. Or you can top them with a chocolate or caramel glaze — I call that gliding the lily.

I like to make small puffs, fill them with whipped cream, then pop in a large whole strawberry. Sift confectioners' sugar lavishly over the top, and pass the plate. We call them Surprise Puffs. You could do the same thing with fresh blueberries or pitted sweet cherries.

Once you learn how easy cream puffs are to prepare, your imagination will suggest dozens of uses for these treats.

Group Attends Kirtland Seminar

A small group of concerned public officials gathered at Kirtland Community College on May 27, 1981 to attend a seminar on the economic future of north-east Michigan. Highlights included discussions led by: Timothy Reardon, Director, Business Development Division-Michigan Department of Commerce on the Travel Industry; Dr. Adger Carroll, Assistant Director of Cooperative Extension Services, Natural Resources and Public Policy Programs-Michigan State University; George Byelick, Director, Oscoda County Cooperative Extension; and Jerry DeWitt, Kelly and Associates of Roscommon on Natural Resources. Also speaking were Mike Conboy, Staff Consultant, Industrial Development Division-University of Michigan, and John Hanieski, Director, Research and Marketing Division, Office of Economic Development-Michigan Dept. of Commerce on the Manufacturing Industry. The seminar, sponsored by the Northeast Michigan Public Officials Training Program, focused on the economic future of Michigan, particularly northeast Michigan.

Many issues were discussed as to what form economic salvation and/or downfall would take in northeast Michigan. The three main areas of discussion here centered on the travel industry, natural resources, and manufacturing.

However, diversified the background of the participant, or varied their opinions in these areas, everyone reached a consensus and stated repeatedly that, "No matter what is said here today or what we say tomorrow, next week or next year, if we don't go out and do something, all this will have been futile. If northeast Michigan is going to survive it will be because the individual citizens in each community are working towards that goal."

HELICOPTER AT SCHOOL—Last Thursday a helicopter came to Grayling Elementary School. It landed by the football field. All of the first grade classes went to see it. The reason it came is because they are studying about them in their reading book. It was a National Guard helicopter. The Captain is Joe Meredith and the Sergeant is Sgt. Palmer. Pictured is the first grade with the helicopter crew. By Kelly Springer and Jill Brackenbury.

TO SEE OR NOT TO SEE

If you had a crystal ball, would you use it? Would you really want to know what's ahead for tomorrow, next week, next month, next year?

Most of us wouldn't. In fact, very few of us could take total revelation. Life was meant to be lived a day at a time, without too much looking forward, without too much looking back.

And most of us need something... something bigger than we are... something we can trust... someplace where we can be in peace, for a time and know sanctuary.

Try your place of worship. It's the place where you can gather the courage today to face tomorrow.
